

EAGLE PASS INDEPENDENT SCHOOL DISTRICT

District Improvement Plan Community Evaluation

School Year: 2017-18

Please use the tables below to document if objectives have been met in support of the Long Range Goal. Please document any community feedback as well.

8. Technology Goal

The Eagle Pass Independent School District will implement 21st century technologies to meet educational and administrative standards for students, teachers, staff and administration.

Strategies/Activities	How did E.P.I.S.D. meet this objective? (summative)	If objective was not met, what does E.P.I.S.D. need to do in 2017-18 in order to meet it? (Comprehensive Needs Assessment)	Community member comments, questions, and/or concerns
Objective 8.1: Implement District-wide standards, such as student-to-computer ratio processes for technology-related use, acquisition, and maintenance.	Published district standards (website/technology plan).	Objective Met	
Continue aligning standard software solutions that are aligned with Technology Applications TEKS objectives and technology staff development	Integrated 21st Century Learning strands (4C's/online resources/technology applications TEKS/technology integration) into training agendas.	Objective Met	
Acquire and deploy mobile student/teacher devices such as laptops, tablets and chromebooks.	Campuses purchased teacher/student devices as evidenced by purchase orders, campus technology inventories and Clarity Survey.	Objective Met	

Strategies/Activities	How did E.P.I.S.D. meet this objective? (summative)	If objective was not met, what does E.P.I.S.D. need to do in 2017-18 in order to meet it? (Comprehensive Needs Assessment)	Community member comments, questions, and/or concerns
Objective 8.2: The Eagle Pass Independent School District employees will implement and evaluate annually the integration of technology into the curriculum.			
Subscribe to online databases provided by State and ESC20	Evidenced on purchase orders. Links included on district Links webpage. Resources included on training agendas. Usage monitored throughout school year.	Objective Met	
Implement Technology Applications TEKS throughout all curriculum areas and develop a district scope and sequence for Technology Applications K-8	Student Mastery of Technology Applications objectives/activities as shown on the Learning.com system. Monitored weekly by campus administration.	Objective Met	
Design and implement online tools to facilitate the delivery of instruction (web-based resources, online library tools and resources, video conferencing, video streaming, and online research resources).	Increased use of Google Apps Suite, 21st Century tools, PBL, Flipped Classroom and Blended Learning strategies as evidenced on Eduphoria Lesson Plans and walk-through observations.	Objective Met	
Establish a District Technology Coach team with at least one member from each campus to support and mentor teachers to effectively incorporate technology into their instructional practice to fully embrace 21st Century Learning.	Progress was made in identifying possible coaches and including in campus-based Google Suite training.	Continue to identify possible candidates and explore available options to provide incentives for teachers to volunteer for opportunities.	
Train all teachers in the use of Intelligent Classroom tools to effectively integrate technology into their instructional practice to fully embrace 21st Century Learning.	Evidenced by Instructional Technology Training agendas and sign-in sheets.	Objective Met	

Strategies/Activities	How did E.P.I.S.D. meet this objective? (summative)	If objective was not met, what does E.P.I.S.D. need to do in 2017-18 in order to meet it? (Comprehensive Needs Assessment)	Community member comments, questions, and/or concerns
Objective 8.3: The Eagle Pass Independent School District will design and monitor data collection and reporting processes including Public Education Information Management System (PEIMS) requirements.			
Conduct Dropout/Leaver/Completion rate trainings to actively monitor campus dropout recovery efforts	Weekly meeting held at secondary campuses beginning at school startup window through snapshot date	Objective Met	
PEIMS Audits will be conducted to ensure TEA compliance	Discipline audits every nine weeks	Objective Met	
Data processing for district departments and campuses will be provided by the EPISD PEIMS department	Run reports for campuses to correct any data errors	Objective Met	
Maintain a District Grading System Software solution to facilitate the use of technology to collect, manage, and analyze data (student information, grades, attendance) to inform and enhance teaching and school improvement efforts.	Use of txGradebook, run principal reports to verify information and process report cards.	Objective Met	

Strategies/Activities	How did E.P.I.S.D. meet this objective? (summative)	If objective was not met, what does E.P.I.S.D. need to do in 2017-18 in order to meet it? (Comprehensive Needs Assessment)	Community member comments, questions, and/or concerns
Objective 8.4: The Eagle Pass Independent School District will provide and maintain appropriate technologies, including infrastructure, hardware, and software within available funding limits.			
Upgrade the hardware and software required to maintain and manage the local cable district access channel in support of local efforts to use technology to promote parent and family involvement and communications among students, parents, and staff	Maintain audiovisual equipment and purchase additional solutions as necessary to ensure stable operations. Implemented live online broadcasting of school board meetings and other events.	Objective Met	
Maintain the District's e-mail system to facilitate the use of technology to promote communication among students, parents, and all school staff	Operational email system and evidenced by ongoing communications.	Objective Met	
Ensure that instructional software is operational and accessible in classrooms and computer lab settings	Ongoing classroom support to maintain cloud-based/desktop application use. Evidenced by Eduphoria Helpdesk system.	Objective Met	
Continue to support all LAN wireless access points at all campuses	Provided ongoing configuration/troubleshooting of new district Wireless LAN solution. Evidenced by Eduphoria Helpdesk system.	Objective Met	
Maintain Mobile laptop labs and data projectors for classroom use.	Provided campus support by district technicians as evidenced on the Eduphoria Helpdesk system.	Objective Met	
Maintain the Fiber Wide Area Network infrastructure to provide the necessary bandwidth capability to facilitate the use of centralized web-based systems	Worked with partner vendors to upgrade key network components to ensure a more robust and dependable network solution for all users.	Objective Met	
Maintain 21st Century Classroom Resources in every classroom	Evidenced by Eduphoria Helpdesk system and campus purchase orders.	Objective Met	
Provide Intelligent Classroom tools including interactive whiteboard, student response systems, document cameras, laptops, desktops, projectors, and appropriate software in all district classrooms.	Campuses are continually upgrading components as necessary. Replacement/upgrade recommendations are ongoing by district staff.	Objective Met
